this guide offers conflict management advice to adults and teens the techniques illustrated encourage users to turn their anger around to interact peacefully and productively with associates and family leaders learn how to conduct presentations guide discussions and help participants understand the purposes and pitfalls of anger and how to channel it into constructive and useful actions the personal handbook is a guided journal with information ideas short stories and questions for students to answer in writing enabling them to examine their personal

responses to life's typical anger provoking situations at home work school and elsewhere these books are ideal for a wide variety of audiences including groups in corporations social service agencies schools churches and adults and teens who are required by juvenile and family courts to participate in anger management classes

anger is one of the basic emotions of human emotional experience informing and guiding many of our choices and actions although it has received considerable scholarly attention in a number of disciplines including linguistics a basic question has still remained unresolved why do variations in the folk model of anger exist across languages if it is indeed a basic emotion rooted in largely universal bodily experience by drawing on a wide selection of comparable linguistic data from dozens of languages including a number of less researched languages this volume provides the most comprehensive account of what is universal and what is variable in the folk model of anger and why it also investigates the role that metonymies might play in the emergence of anger related metaphors and in what ways context influences or shapes anger metaphors and thereby the resulting folk model of anger no such volume exists in the cognitive linguistic literature on anger or on emotions for that matter the book is thus an essential contribution to the study of anger and will serve as basic reading for any researcher interested in how the conceptualization of anger is constructed via the interplay of bodily experience language and the larger cultural context

anger and conflict are big issues in today's workplace too often someone at work expresses anger or gets in conflicts in ways that range from inappropriate to high risk whether you are a manager supervisor employee or temp this book will show you the best and easiest ways to handle your manager's co workers and subordinates anger as well as your own you will see the eight inappropriate ways in which too many people express their anger or get into conflicts at work you will find out how to keep anger and conflict from escalating and you will get seven specific hands on skills you can use right away on the job to turn angry outbursts and conflicts into productive conversations this book will show you how to make your workplace less stressful and more productive
